Space-defining.

Working alone or in the company of others, a little privacy goes a long way. Lagunitas creates an intimate space within a public room. Tall panels, in knit or fabric, keep conversations in and distractions out.

Posture Perfect.

The articulating cushion toggles to support a range of work modes. Lean back for casual work. Lean forward for greater focus.

Seating and tables are equipped with built-in power to keep devices charged all day.

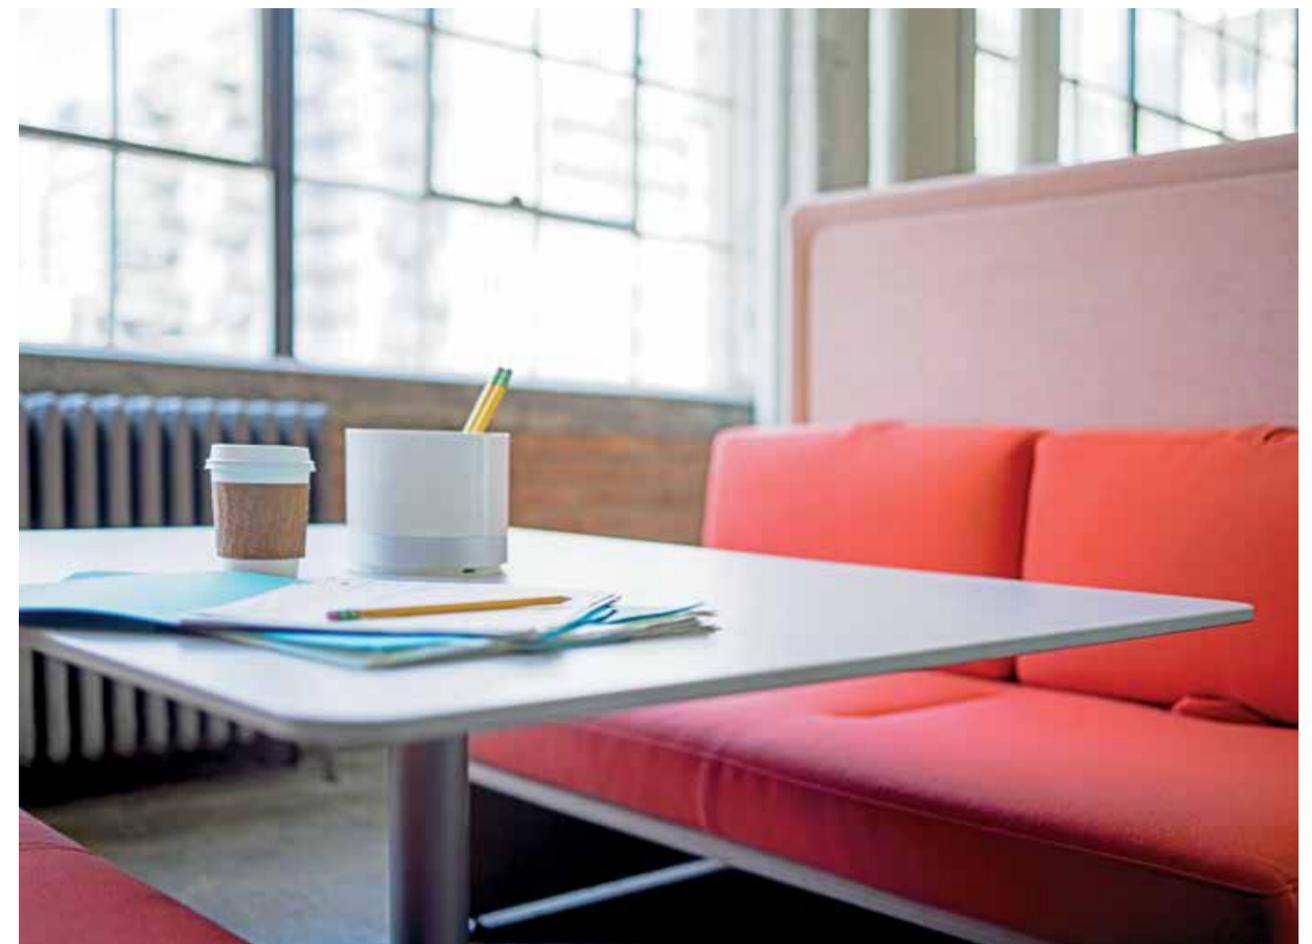

Social and Collaborative.

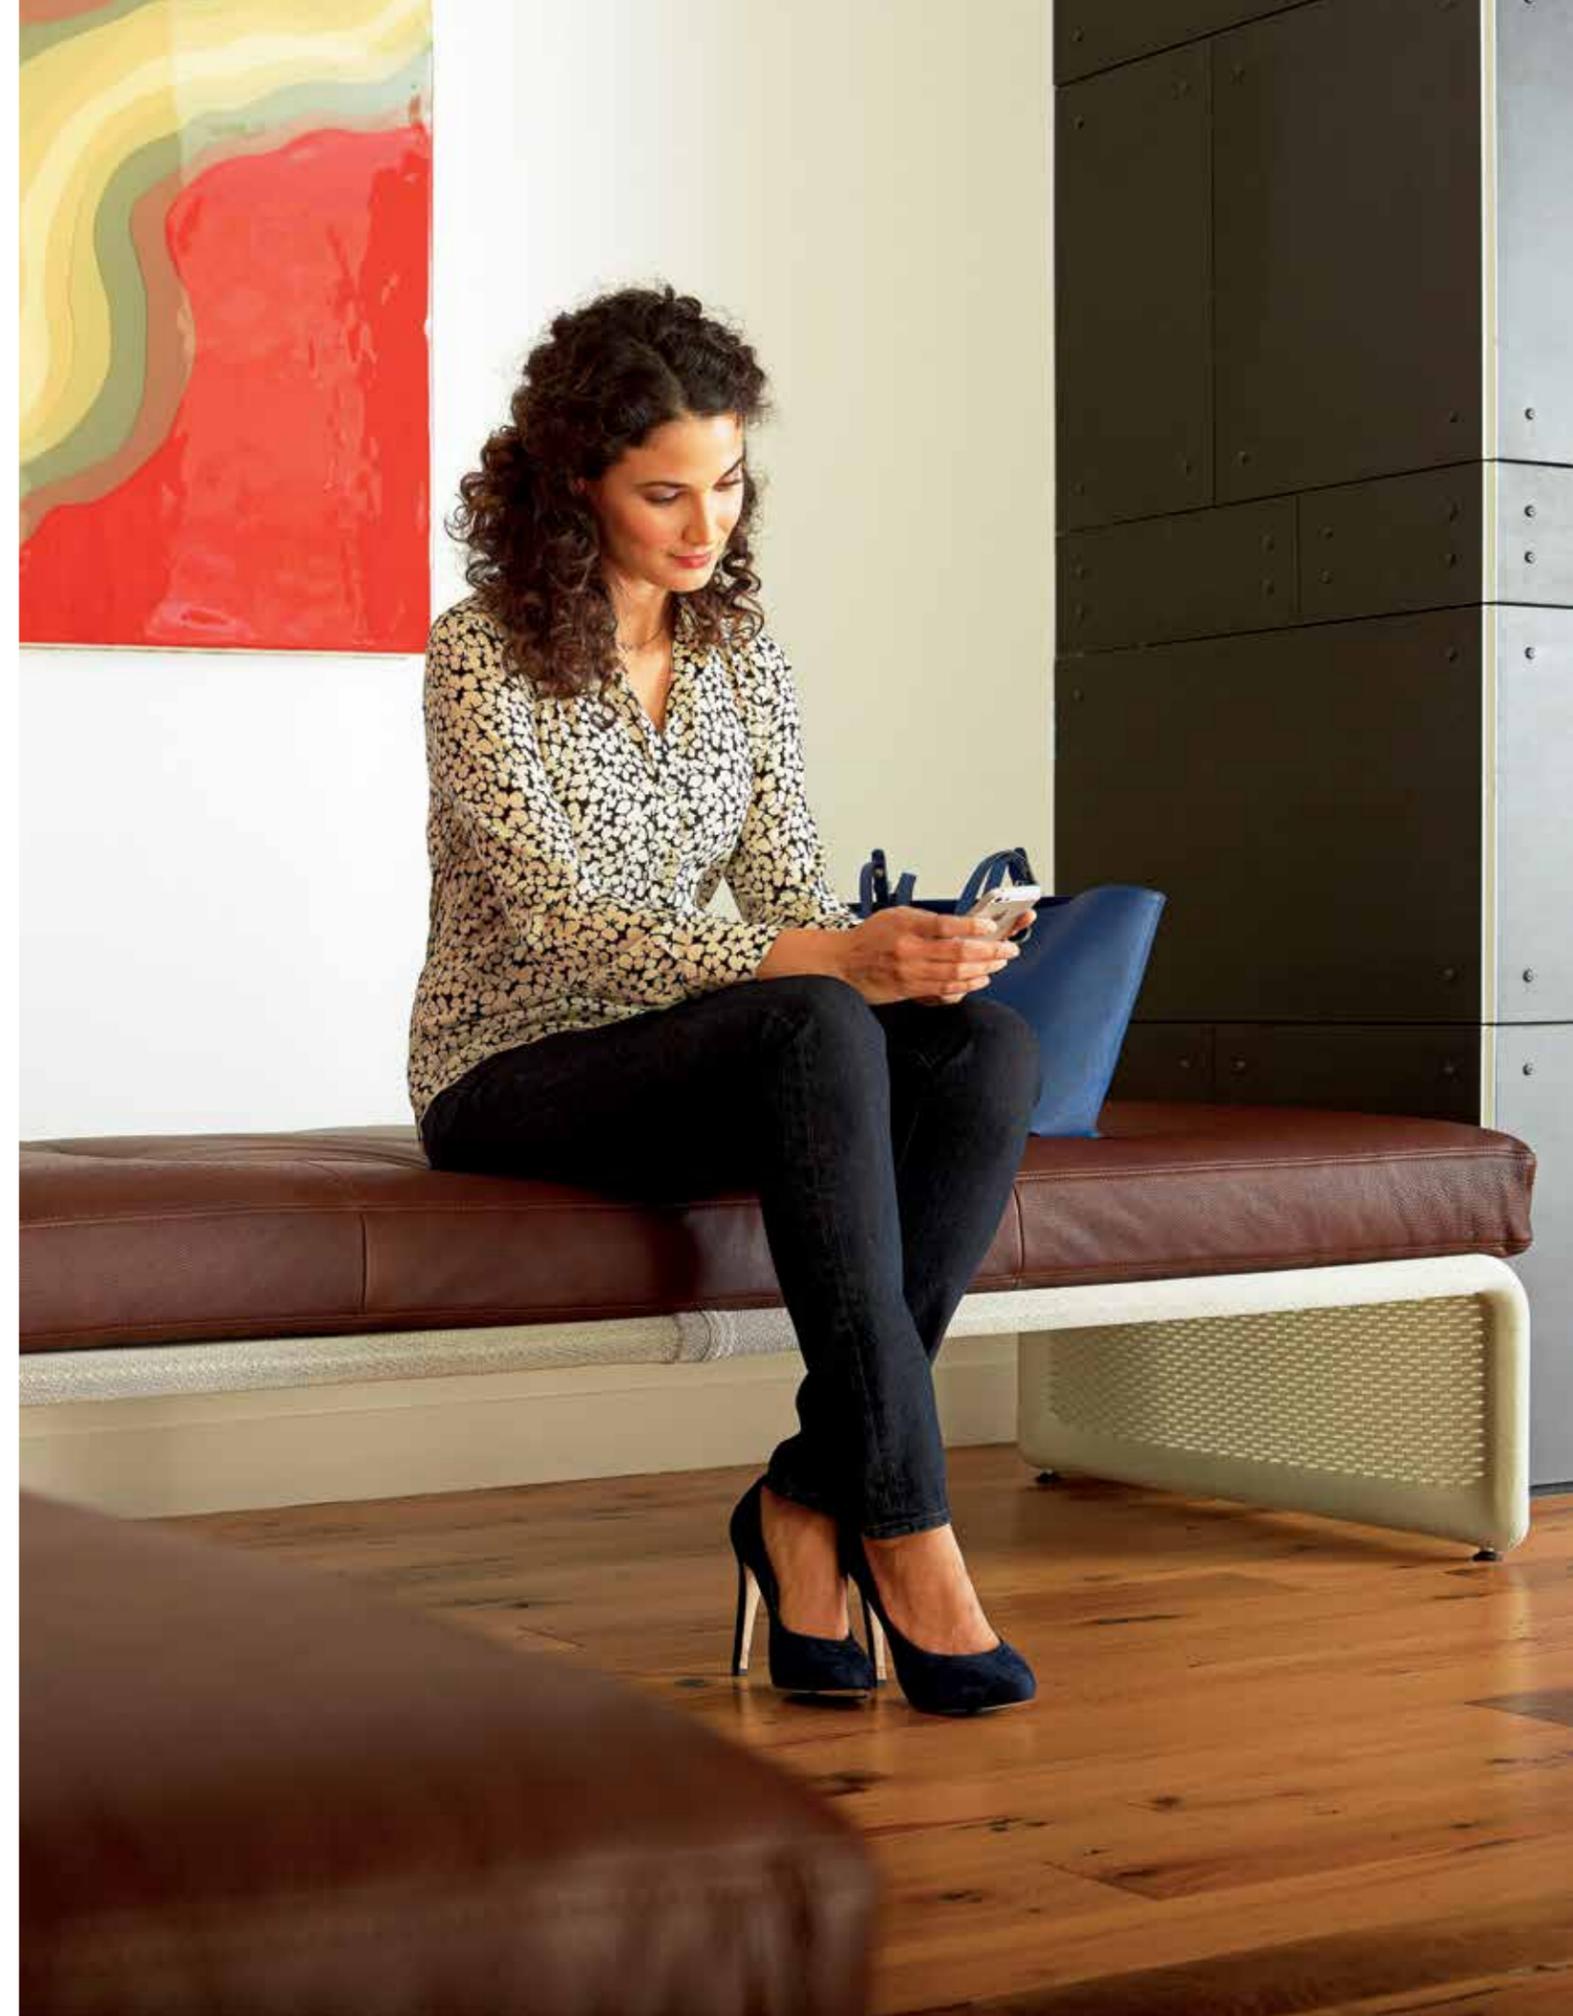

Lagunitas welcomes creativity inside the office. As people choose how and where work happens, companies are embracing space as an extension of their culture. From configuration to materiality, the flexibility of Lagunitas is the freedom to be expressive.

Personal.

Open and private. Big and small. Lagunitas brings modern versatility to the modern workday. Built-in power, carved-out storage and custom configurations all fit for long stretches of space or extended periods of focus.

Collection.

From the conventional to the casual, Lagunitas adapts to changing workstyles and shifting work postures.

Articulating Cushion

The cushion toggles between work modes to transition from the focused to the informal.

Cushion Handle

Shifting between work modes is as simple as lifting a handle, built into every articulating back cushion.

Power

Plug-in with table-top and below the bench power options, or just unplug.

Lagunitas Lounge

Comfort is designed to increase over time

Comfort wrinkles are intended to occur over time to increase the comfort of Lagunitas. This is a natural characteristic of large upholstered products and intentional by design. Very little maintenance is required to reduce the definition: Use your hands to smooth the cushion fabric with a spreading/wiping motion. Perform as needed.

Materiality

Select from a range of knit, fabric and two-tone options to make a statement or blend right in.
